# BUILT TO LAST

## Kitchen Faucetry by California Faucets

Combining Italian design and American craftsmanship, we've created kitchen faucets that embody all you've come to expect from California Faucets.

Each is handcrafted with our signature solid brass construction and is available with a button or squeeze handle that toggles seamlessly back and forth between stream or spray. All spouts swivel 360 degrees for maximum reach and flexibility. With our kitchen faucetry, you can choose from multiple handle options available in more than 25 finishes, including 12 PVD finishes that come with a lifetime warranty against tarnishing. That's important considering your kitchen faucet is used dozens of times each day, more than any other plumbing fitting in your home.

The kitchen is a place where family and friends come together. Let our Custom Faucetry® help you unleash your inner chef and make your moments memorable.

*Buon Appetito!*
